Raising Standards: 2010 & Beyond

This year sees a new Housing Bill being introduced in the Scottish Parliament. The Bill proposes reforms to the Right to Buy, modernising how social rented landlords are regulated, introducing a Social Housing Charter for Scotland and making improvements to the private rented sector. Tenants and residents groups have an essential part to play in shaping the Bill and the Charter to raise housing standards and services.

Over the course of this conference delegates can look forward to:

- Hearing from the Scottish Government on it's plans for social rented housing;
- A "Question Time" session on "Investing in Affordable Housing" with representatives from the Scottish Government, tenants and landlord sector;
- A range of topical and skills based workshops;
- Meeting delegates from all over Scotland

The TIS conference has something to offer everyone, whether you are new to a group, or a long established member of a tenants and residents group. The conference is also aimed at Tenant Participation staff, Community Workers and other staff working with tenants.

Venue

Due to popular demand we are going back to the Beardmore Hotel. The hotel sits on the banks of the River Clyde and offers first class conference facilities, accommodation and leisure facilities. The hotel is wheelchair accessible and has a loop system. The hotel provides twin and single room accommodation. On the Saturday evening there will a dinner dance. For further information about the Beardmore visit www.thebeardmore.com

Travelling on the Friday Evening?
